Re: Use of WEST GROUP Documents

Dear Ms. Barnard:

My law firm is a current subscriber to West Group materials, including printed, on-line and CD-ROM materials. We would like to use these legal materials to prepare legal briefs on CD-ROMs.

We would transfer the West Group materials to CD-ROM in electronic format. Copies of my CD-ROM brief would then be provided to the Court, opposing parties and our client. The citations in the brief would be hyper linked to the referenced legal materials. The methodology would be similar to copying cases and attaching them to a written brief, except that the brief and the cases would be in electronic format.

Please confirm that West Group will allow the use of its materials as described in this letter. Please call me if you have any questions.

Very truly yours,

(Your name)
